Jackets

DEFCON 5 PARKA JACKET II GENERATION (WITHOUT INTERNAL FLEECE)

Code: D5-PARKA-II**Brand: Defcon 5 2024**

The jacket offers maximum protection in adverse weather conditions.
In cases of excessively low temperatures it can be used in combination with the
INNER JACKET (sold separately).

Constructed with 3 layers of PFT POLYAMIDE with external treatment in PTFE, a
water-repellent, windproof and breathable material, it has a semi-rigid
manufacturing with seams sealed by HS tape and internally it is lined with mesh
mesh.

On the front it has a double-direction zipper with a TOP-OP emergency quick release
that allows quick opening even when the zipper is completely closed, and an
external anti-water and windproof flap.

Internal rear longitudinal pocket, internal elastic band, underarm zipped openings
for ventilation, adjustable cuffs, pocket on left and right arm, two internal chest
pockets and two external waist pockets with anti-water flap and two protective caps:
one fixed for the head protection and a removable one, with visor and adjustment
for use over the helmet or helmet.

Both hoods are foldable and stored in the collar of the jacket.

Velcro for shield on right and left arm and front insert for tubular grade.

Water resistance (WR): 5000mm of water

Moisture Vapor Permeability (MVP): 5000 g/m²/24hrs

Color: OD Green , Italian camo**Size:** S , M , L**Weight:** 1.42 Kg
