## Tactical Accessories

# SPORTEAR EARPLUG XPRO

## Code: D5-XPRO

### Brand: Defcon 5 2024

Hearing protection XPRO series.

PROTECT YOUR HEARING Earplugs are essential or hearing protection. Typical earplugs protect yor earing, yes, but they can be a hassle. Sometimes you need to hear and they block too much, so you have to take them out. They're small and easily lost....

After the X-Pro is comfortably settled in your ear, you can act ivate the hearing protection with the push of a button. The closed valve will now protect your hearing by gliving you 30dB of noise reduct ion with the foam tips (24 dB noise reduction with silicon tips).
When you need to hear again, instead of completely removing the earp lugs, simply press the button again to open the acoustic va lve, allowing sound to pass through naturally.
EASY CONTROL: Push button to hear, push again to protect.

19 dB NRR Open
30 dB NRR Closed

X-Pro Plugs are made from soft, hypoallergenic, medical grade polymer. Low profile design allows you to keep them in place while wearing a mask, helmet, hat, or while using a phone, headphones or supplemental hearing muf fs. X-Pro Earplugs are washable and reusable to help you avoid the
hassle and extra expense of constant ly having to replace disposable earplugs. Uses Include: Hunting, Auto Racing, Military, Law Enforcement, Sporting Events, Target Shooting, Concerts, Industrial, Sleeping/Snoring.

Weight: 11 grams
