"Krav in Hebrew means combat and Kravi warrior. As a Martial artist, teaching Krav Maga and Krav Panim El Panim I wanted a warrior knife.

My son Ishai is a Computer designer and together we designed the Kravi as an easy carry knife, with a legal blade to fit anyone for carrying it in daily life as a tool for the most basic needs. As we say best knife is the one you have in your hand when you need it."

Avi Nardia

Weight: 75 grams

Weight (Kg): 0.07
