UYN MAN AMBITYON DEFENDER UW SHIRT LG_SL.ROUND NECK

Code: UYN-U100303

Brand: UYN

Dynamic, sporty, designed to move in nature. The AMBITYON DEFENDER shirt is the result of close collaboration with our athletes seeking total freedom of movement. Insulating protectors at the shoulders and abdomen make it ideal for the most demanding outdoor activities at low temperatures.

- Hypermotion: exclusive zero-seam shoulder construction for maximum freedom of movement and body postural support.
- Shoulder Pads: the 3D knit fabric has an increased thickness for breathable protection. This system helps to cushion the weight and absorb vibrations when wearing a backpack.
- Coolvent: the channelled inner surface promotes a constant flow of air. It quickly absorbs sweat, cools the body during activity and keeps the skin dry.
- Heatmemory: insulating air chambers store body heat and protect against cooling. This is especially important when your muscles cool down after the exercise phase. Your body stays warm and efficient.
- Resifit: elbow joints are subject to high levels of stress during exercise. This is why these areas are enclosed with a three- dimensional chamber system in order to create an insulating layer of air around the joints.
- Drylight: anywhere sweat accumulates, Drylight ensures wearing comfort. Thanks to its more permeable, ultra- absorbent knitting technique, moisture is quickly transported outwards.
- Iso Chambers: Thanks to their structure, ISO CHAMBERS increase the insulation power, preventing the cooling of the most sensitive parts of the body.
