Tactical Pouches

DEFCON 5 POUCH FOR HAEMOSTATIC LACE

Code: D5-TP**Brand: Defcon 5 2024**

To better satisfy the needs of the troops on the field and to the new techniques of rescue and combat we studied this pouch for haemostatic lace.

The external part is covered with a Velcro system that gives the opportunity to attach a medical patch or a patch indicating your blood group.

It was inserted a red inside flap, which allows the quick extraction of the haemostatic lace, gaining precious seconds.

The pouch is compatible with every MOLLE system.
